***Allowable Subject Matter***

Claims 37-45, 47-54, 56-68 are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior arts do not teach or suggest the features recited in claim 37, as follows: "a trimming area calculation unit adapted to calculate a trimming area based on positions and/or sizes of the trimming areas of the first image and the second image determined by the trimming area determination unit, with respect to each image of which its order is between the first image and the second image among the continuous still images, wherein a position and/or a size of the trimming area of each image of which its order is between the first image and the second image are different from the positions and/or sizes of the trimming areas of the first image and the second image determined by the trimming area determination unit, the trimming area of each image of which its order is between the first image and the second image being a part of an entire area in which each image is recorded".

Independent Claims 65 and 66 include similar features to Claim 37 and are allowable for at least the same reasons as Claim 37.

The dependent claims 38-45, 47-54, 56-64, 67-68 are allowable with the same reasons as set forth in independent claims 37, 65-66, above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
